

Why do you need a Dave's Club Card?

Simple! We can keep track of all of your reward points and purchases so you don't have to carry around all those punch cards for different products you buy. We also send special offers and coupons to our better customers. The only way we can tell if you are a "better customer" is if you use your Club Dave's card.

Persons under 16 years old cannot provide us with any personal information. By completing this form, you confirm that you are at least 16 years old. At Dave's Soda & Pet City, we respect and are committed to protecting your privacy. We will use the information from this registration form to send you information and offers from our company and some of our partners. Dave's Soda & Pet City will not sell or rent your information.
